Project Overview: Tarot Card Web App

The project is a tarot reading website, where users can experience an online version of selecting a random card from a spread of tarot cards. Users who want to test their knowledge of tarot cards can also experience flash card mode.

User Stories

- As someone who goes to tarot reading shops to get readings, I would like an alternative way to draw a random tarot cards for a quick reading instead of having to visit a shop every time.
- As someone who wants to learn how to do tarot readings, I would like a flash card of tarot cards to learn to match the image to the meanings.

Features List

- Tarot Reading Mode
 - Single Card Reading
 - Past Present Future (Three Card) Reading
 - Five Card Reading
 - Text Version of Selected Card(s)
- Flashcards Mode
- Data Used
 - CSV Files
- Navigation Design
 - Accessibility & Mobile/Tablet/Desktop Views
